SATIB Insurance Brokers, pioneers in Africa for the past 26 years, have worked closely with our extensive client base of over 2000 companies. Through our SATIB24 Emergency Incident Management Service we have assisted with over 10 000 incidents involving guests ranging from basic medical advice to full blown emergency medical evacuations.

# The SATIB Travel App

At the time of need the traveler has guaranteed access to efficient incident management staff and medical services that have both experience working in remote parts of Africa. It was with this exact goal in mind that we developed the SATIB Travel App.

An easy to use tool for travelers to either purchase fully comprehensive Travel Insurance or a First Response Membership Service for their trip to Africa. The app has many useful features:

## Mobile Connectivity

A mobile connection allows the traveler to get in touch with the service help desk.

## Instant access to info

The app stores contact details, claims procedures, membership and policy details.

## Emergency Services

The traveler has immediate access to local emergency assistance services and contact details.

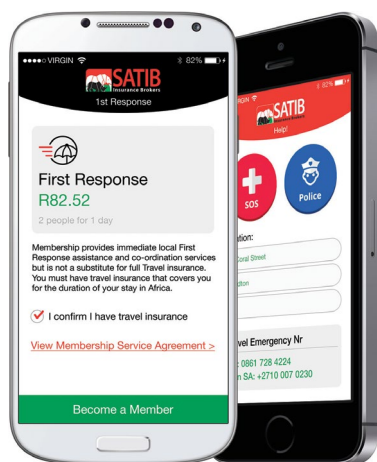

## Linked to useful apps

It is linked to other useful apps like weather, maps, directions and the exchange rate.
